FIRST BLOOD FOR THE SOX

Defeated Chicago Cubs 2 to 1 Yesterday

FOR WORLD CHAMPIONSHIP

Both Brown and Altrock Pitched Fine Ball, But Nationals Made a Bungle or Two, Which Counted.

Chicago, Oct. 10.—The Chicago team of the American league won from the National league pennant winner yesterday, 2 to 1, in the first game of the world's championship series.

In the first half of the first Robt electrified the crowd by sending a stinging hit down the third base line and under the temporary benches in Sheekard's territory, reaching third base, Donohue struck out, attempting to bunt, but Dougherty was more fortunate. He laid down an easy one half way between pitcher and catcher. Brown scooped up the ball in beautiful fashion and tossed it to Kling. Robt was tearing wildly for the plate and he got there, for Kling's first batted finger refused to close around the ball.

The next inning the Americans scored again. Altrock walked. Hahn sacrificed, Jones singled to center, but Hoffmann's perfect throw caught Altrock at the plate by yards. Jones reached second on the play. He reached third when Kling fumbled the ball for a moment and crossed the plate with the second run went itself singled to left.

The Nationals also scored in this inning. Kling was given a pass and went to second on Brown's single over third base. Both advanced a base on Hoffmann's sacrifice and Kling scored a moment later on a wild pitch. Sheekard, however, was out on a fly ball and Schulte perished, Rube to Donohue, the latter falling flat on his back, but holding the ball in his gloved hand as he fell.

Thereafter neither pitcher was in a critical position and after one hour and 45 minutes of play, Jones caught Steinfeld's final effort and the crowd flowed into the field.

Score by innings:
Americans . . . 0 0 0 1 1 0 0 0 2 4 0
Nationals . . . 0 0 0 0 0 1 0 0 0 1 2

HOPE VATICAN WILL YIELD.

France Conceals Plan as to Church and State.

Paris, Oct. 10.—After a session of the cabinet yesterday, it was announced that the ministers had discussed questions relating to the application of the law providing for the separation of church and state. They were in complete accord in regard to the integral enforcement of the law, but decision regarding minor details were postponed until Friday. The disposition to conceal the actual measures to be determined upon increases the belief that the cabinet is not without hope that the vatican will surrender before December 11, when the law finally goes into effect, realizing that it cannot afford to remain in permanent conflict with the government, especially as the resolutions of the radical socialists, who constitute the bulk of the government's majority, leave no doubt that any attempt on the part of the government to modify the law at the dictation of the vatican, or hesitation to execute its provisions would result in the ministers being swept out of power.

VETERANS FAVOR CANTEEN.

Washington Convention Urges Its Restoration.

Washington, Oct. 10.—The principal business at the morning session of the United States Spanish war veterans was the ratification of the amalgamation of the legion of Spanish war veterans of Massachusetts and New Hampshire, numbering approximately 500 men, with the United States Spanish war veterans. The organization, by unanimous vote, placed itself on record as favoring the restoration of the army canteen. The matter will be urged before congress next winter by the national legislative committee of the Spanish war veterans to be located in this city.

He Says He Is Cousin of Lord Sholto Douglas; Wanted in New York.

St. Louis, Oct. 10.—Henry Alfred Douglas Schultz, who says he is a cousin of Lord Sholto Douglas of England, was arrested here yesterday upon instructions from the New York police to the effect that he is wanted in New York in the charge of grand larceny. LIKE FINDING MONEY.

D. F. Davis, the popular druggist, is making an offer that is just like finding money, for he is selling a regular 50 cent bottle of Dr. Howard's celebrated specific for the cure of constipation and dyspepsia at half-price. In addition to this large discount he agrees to return the money to any purchaser whom the specific does not cure.

It is quite unusual to be able to buy fifty-cent pieces for a quarter, but that is what this offer really means, for it is only recently, through the solicitation of Druggist D. F. Davis, that this medicine could be bought for less than fifty cents. He urged the proprietors to allow him to sell it at this reduced price for a little while, agreeing to sell a certain amount. The result has justified his good judgment, for the sale has been something remarkable.

Anyone who suffers with headache, dyspepsia, dizziness, sour stomach, specks before the eyes, or any liver trouble, should take advantage of this opportunity, for Dr. Howard's specific will cure all these troubles. But if by any chance it should not, D. F. Davis will return your money.

MUST PAY EARTHQUAKE LOSSES.

The Transatlantic Losses Case in San Francisco.

San Francisco, Oct. 10.—The Transatlantic fire insurance company loses the first decision to be given in the superior court regarding the liability of companies which have refused a dollar for dollar settlement of losses due to the disaster that befell San Francisco last spring. The company has not a single excuse in law for repudiating the claims of its policyholders, according to the decision. The Transatlantic had no earthquake clause. Its resistance to the payment of obligations rested on the general clause of exceptions in policies by which it is relieved from liability in case of loss caused by invasion, insurrection, riot, civil war or civil commotion, or through military or usurped power, or by order of any civil authority.

There is no evidence that can bring the case within any of the exceptions contained in the policy," said the court, "even if the earthquake caused the fire, the defendant would still be liable under the policy; but there is no evidence that would justify a finding that the fire was caused by the earthquake."

COLD IN NORTHWEST.

Big Drop in Temperature Follows First Snowfall.

St. Paul, Minn., Oct. 10.—The local weather office reports the first snowfall of the season at Marquette and Houghton, in the Northern Peninsula of Michigan. At Duluth there was a precipitation of .05, but the forecaster could not say whether that was all snowfall.

The temperature in the northwest has during the last twenty-four hours been unusually cold for this time of the year. In St. Paul the official temperature today was 32 degrees. The coldest spot on the weather map was at Prince Albert, in the Saskatchewan valley, in Canada, where the mercury dropped to 18 degrees. In the United States the coldest in the northwest was 18 degrees, at Williston, N. D.

FULL BENCH WANTED.

U. S. Supreme Court Postpones Kansas-Colorado Irrigation Case.

Washington, Oct. 10.—Because of the constitutional questions involved the supreme court of the United States yesterday postponed the hearing of the irrigation case of Kansas vs. Colorado relating to the disposition of the waters of the Arkansas river until a full bench is secured by the appointment of a successor to Justice Brown.

In response to questions from counsel the chief justice said that while the court sympathized with the attorneys in their desire for a speedy hearing, he could give no promise when it could be had beyond the assurance that the case would be placed at the head of the calendar as soon as Justice Brown's successor is appointed.

NEW YORK LIFE APPEALS.

Asks That Verdict in the Kimmel Case Be Set Aside.

St. Louis, Oct. 10.—The New York Life Insurance Company, through its attorneys, yesterday filed a motion in the United States Circuit Court asking that judgment rendered for the plaintiff in the Kimmel case be set aside and a new trial granted.

The case was tried several days ago, resulting in a verdict in favor of George C. Kimmel of Niles, Mich., who sued to recover \$7,736 life insurance on George A. Kimmel, the Arkansas City, Kan., banker, who mysteriously disappeared in 1898.

Every Heart Beat

Forces about 8 ounces of blood out of the heart, and sends it coursing through the veins to the remotest part of the body. This is the amount required by nature to nourish and sustain your body. Every ounce less than this means a shortage in nature's supply of building-up material. A weak heart cannot meet this demand, and consequently you suffer. If your heart skips a beat, or flutters, palpitates, pains you, or you have shortness of breath, you may be sure that the heart is working imperfectly.

Dr. Miles' Heart Cure will strengthen the heart muscles and nerves.

"I had been a great sufferer for 15 years. At the time I commenced taking Dr. Miles' Heart Cure I had been confined to my bed for four months. I had frequent sinking spells, sometimes as many as three in a day. Before finishing the first bottle the sinking spells had ceased, and I took altogether five bottles for a complete cure. I now enjoy perfect health, and am very grateful for this wonderful medicine for it is the means of my being with my family now."

Taft Not to Attend Liberal Meeting.

Alfredo Zayas, the liberal leader, called at the palace and invited Governor Taft to attend the liberal mass meeting on October 14. Governor Taft replied that he would probably sail for the United States on October 14. Senator Zayas then offered to hold the meeting before the governor's departure, but Mr. Taft intimated that he did not regard it wise to attend a party demonstration. Messrs. Taft and Bacon have declined many invitations from Cubans, Americans and others to dinners and other social functions, pleading limited time. Although the American commissioners will leave Cuba this week, Captain McVey, the military aide to the governor, will remain for another week to familiarize Charles E. Magoon, Governor Taft's successor, with the situation.

Vice Chairman Tawney of Congressional Committee Makes Predictions.

Washington, Oct. 10.—Vice Chairman Tawney of the Republican congressional committee admitted yesterday, after a talk with the president at the white house, that the Republicans would lose a number of districts in the middle west. On the other hand, he said, the Republicans were likely to make a further inroad on the solid south by capturing the fourth Arkansas district. Mr. Tawney thought it likely that the Republicans would lose two members in Illinois, one in Iowa, several in Ohio, and one in Wisconsin. He thought Haleck would be elected, that the Republicans would get nine congressmen and elect the state ticket in Minnesota, and hold its own in Missouri, where they might gain one or lose one. He

said DeArmond might be beaten. He said little of the east, but thought a loss of three or four in Pennsylvania likely.
